MURRAY TELLS WHERE USURY IS THRIVING

"ALFALFA BILL" RELATES
SOME HIGHLY EDUCATIVE
INSTANCES IN OKLAHOMA

WASHINGTON, Dec. 12.—"If Congress had the courage to pass the Currency Bill, it would really be in earnest about punishing Oklahoma bankers for their practices of the usury laws he should investigate two cases I heard of recently in Oklahoma," said Congressman Bill Murray today.

"Over at Okmulgee not long ago," said Mr. Murray, "a negro presented himself at a local bank to negotiate a loan of \$10 for 30 days."

"What security can you offer?" inquired the banker.
"Well, boss, I have a \$10 gold piece."

"All right," said the banker as he took the \$10 gold piece and threw it into the air and handed the negro \$9. "Here's your loan. I have taken out the interest."

Mr. Murray also told of another instance which occurred out in the "short grass" country, where a borrower also a negro, wanted to borrow \$25 for 30 days. The customer made a note for \$25 and the banker gave him \$24. "Whereupon the borrower started counting on his fingers."

"Yes, there, what are you doing?" shouted the banker.
"Why, excuse me, boss," replied the negro. "I was just figuring that if I had borrowed \$25 for five months I would have had nothing to count on at all."

Don't Endanger It With Calomel

It is generally agreed by experts in this country and Europe that calomel has a very violent effect on the system. This accounts for the familiar disagreeable feeling accompanying a dose, and the weakened condition following it.

Liv-Ver-Lax is a harmless vegetable compound, that is a mild, but effective substitute for calomel. It has all the effectiveness, but not the effect of calomel. Its splendid value has brought it into such wide use that in some states it has almost replaced calomel.

Just try Liv-Ver-Lax once, and you'll never use calomel again. Insist on the genuine, bearing the likeness and signature of L. K. Griggs, which is guaranteed to give satisfaction or money refunded. For sale by Lattie Drug and Stationery Store.

PREPARING FOR TITANIC
BATTLE ON GREEK BORDER

(CONTINUED FROM PAGE ONE)
down into a winter deadlock in the trenches. No news of important engagements along the main lines has been issued for several days. The Italians continue to bombard Gortina, but the complete fall of that town, which has been expected at any hour for the past fortnight is still delayed.

The Austro-Germans have withdrawn from Lemberg, Galicia, according to a Kiev dispatch, which gives the prevalence for entry as the reason for this movement but military critics consider it more reasonable to believe that this is a strategic and shortening their lines for the winter. They are constructing fortifications along the southern section of their front.

No definite details have been received today of the retirement of the French and British forces in the Balkans upon Saloniki, but this movement continues. The Paris Temps asserts positively that the allies have decided to remain with Saloniki as their base and send sufficient reinforcements to renew their offensive.

Apparently this information was gleaned from the Anglo-French command of War in Paris. Consequently the Italians will remain the center of interest.

Conflicting Reports.
The dispatch from Greece is favorable to the entente powers, but tomorrow may witness the shifting of the dial to the wind to another quarter. A dispatch from Athens asserts that the Greek movement will complete all the allies' demands and that part of the Greek troops will be removed from Saloniki, while a Rome report says the Greeks will remain to dislodge the enemy.

The German revolution is struggling with the problem of food supply. Various schemes have been prevented by the budget committee, all of which include the requisitioning of maximum prices. The Germans possess a most radical plan for a national controlling price and the distribution of food. Among its features are the limitation of the consumption of the principal commodities in hotels and restaurants and special help for the poorer classes.

RECALL OF BOY-ED IS MEANINGLESS

(By Associated Press.)
Berlin, Dec. 12.—Germany is the only nation in the world that has recalled its soldiers from the front lines. The recall is, then, an act of international obligations and no other government believes it cannot work comfortably further, in pending affairs. SHRAPNEL IS FIRED AT SATAN BY DR. KENNEDY

(CONTINUED FROM PAGE ONE)

plain of conviction must give way to some influence which always brings disastrous results. This story of the life and vicious career of this old backslider is exactly the experiences of many church members right here in Guthrie. The evangelist made a strong appeal to men and women to get right with God and escape the calamities such as Lot brought on himself and his household.

The memorial to Mathews, Sunday afternoon, was based on the first chapter of First Samuel, wherein is told the story of God's dealing with

Hannah, the mother of Samuel. Rev. Kennedy made a forcible application of the devotion of that mother in Israel as compared with the way some modern mothers neglect their boys and girls in order to become a leader in society or club work. A real mother sacrifices from a third to a fourth of her lifetime to her family, but what a beautiful home picture. How these mothers influence the men and characters who are to lead in the affairs of peoples and nations. The mother influence on the lives of most of the great men of this land was shown, no other one influence so strongly affected the character and lives of our national leaders in all times. Hannah, the lover of children, lost all Israel and in turn was greatly blessed by God. The mother of Moses was in serfdom but she was a strong mother character.

The evangelist told of the planting of the real seeds of liberty on American soil by landing these Godly mothers on the Mayflower. The glory of Rome faded as soon as her mothers lowered their home standard. All mothers must exert an influence on his land, for good or evil. In America God has largely placed the destiny of our fair land in the hands of the mothers of this land. These mothers of destiny must live true to their responsibility or our nation will suffer. The services closed with a duet sung by Mrs. Gaffney and Chapell. "Tell Mother I'll Be There."

The Sunday evening sermon was on "The Interpretation," founded on the story of the fatal Belshazzar feast as told in the fifth chapter of Daniel, the text being Dan. 5:27. There are many Belshazzars all over our land. They are the heads of homes, heads of big business, largely in office—everywhere. And like this wicked, idolatrous, wine drinking old harlot, they now without any Daniel just what he warning hand writes before their blind eyes. And all the patrons of this blind king are not men. Men and women will compromise their very life of heaven in their blind pursuit of power, influence, money, social standing and pleasures. The contradictions between this Babylonian decadence and scenes common in this day, and in Guthrie, was a forcible feature of this sermon. "How every one of the ten commandments will be put in the opposite scale when many Guthrieites are weighed and how their only hope of escape is that Jesus has promised to get in on their side. Otherwise their side of the scale will quickly tip up. "Thou art weighed in the balance and art found wanting."
